 STATEMENT OF APPLICATION

We, FUJITSU GENERAL (EURO) GmbH, hereby state that from a technical point of view the separation tubes UTP-AX054A can be replaced with UTP-AX090A.

The sizes for the pipe connections on the UTP-AX054A also exist on UTP-AX090A.

It is to consider, that the length of the separation tube set will increase a bit.

Further considerations, e.g. with the calculation of the total refrigerant amount, are not necessary.

The Installation manual is valid for both sizes and must follow up by the installer.

In case of further questions, please contact me directly with the mentioned contact.

Yours sincerely,
